

LANDCRUISING-RAFTING

LIONS REGATA

u borbi protiv dijabetesa kod djece

**UND 5811 Bosna i Hercegovina
Neretva-Pogorelica 22-24 juni 2018.**

Jedinstveni humanitarni događaj u organizaciji BH LIONS ZONE

Ovo je vikend kojeg ste priželjkivali i o kojem ste sanjarići.

Dozvolite nam da vas srcem i dušom provedemo kroz avanturu u prekrasnom krajoliku netaknute prirode kanjona Neretve i vododijelnici dva sliva, jadranskog i crnomorskog.

Osjetite ikonsku ljepotu "boginje koja teče" ploveći po raskošnim brzacima.

Otvoriti ćemo vam vrata Titovog bunkera, jedne od najčuvenijih tajni bivše Jugoslavije. Vidjet ćete kako je trebalo da budu zbrinuti Tito, Jovanka i naruže rukovodstvo u slučaju katastrofe.

Na Pogorelici ćete osjetiti spoj mediteranske i kontinentalne BiH, hodati ćete po vododijelnici dva velika sliva.

Vikend kojeg ćete pamtit i zbog kojeg ćete nam se vraćati u godinama koje dolaze. Vikend u kojem ćemo, družeći se, ujedinjeni u našoj nakani, otpočeti naš doprinos ozbiljnoj borbi protiv dijabetesa kod djece.

LANDCRUISING-RAFTING LIONS REGATTA

In The Fight against the diabetes in children

**UND 5811 Bosnia and Herzegovina
Neretva-Pogorelica 22-24 June 2018**

**Unique humanitarian event
organized by BH LIONS ZONE**

This is the weekend you have always wished for and dreamed of.

Let us take you with all our heart and soul through an adventure into the beautiful landscape of the untouched nature of the Neretva canyon and the watershed of two basins, the Adriatic and Black Sea.

Feel the primordial beauty of the "Goddess that runs" floating on the gorgeous rapids.

We will open the door to Tito's bunker, one of the most famous secrets of the former Yugoslavia. Tito's bunker in Konjic was a well-kept secret for years. This impressive space lies in about 6,500 square feet of space and about 300 feet deep below the surface.

Tito's bunker was built and kept in secret from 1953 to 1979. In case a catastrophe happened, Tito and his closest associates would be sheltered here.

This building, which resembles a maze with more than a hundred rooms and a fully preserved inventory was designed to provide uninterrupted life for 350 people for six months. This bunker consisting a number of residential spaces, conference rooms, offices and a "presidential bloc". The existence of the bunker was top-secret until the '90s. Join this tour and let us tell you its secrets.

At "Pogorelica" you will feel the connection between the Mediterranean and the continental B&H, you will walk on the watershed of two large basins.

The weekend you will remember and for which you will come back to us in the years to come.

Weekend in which we will, having nice time together, joyfully, unified in commitment begin our contribution to the serious fight against diabetes in children.
